Confirmation license partnership

The Quality Management Center (QMC) within the German Association of the Automotive Industry (VDA), with the headquarter in Berlin, has established a worldwide network of licensed partners to offer customers in the German automotive and supplier industry licensed qualification measures according to VDA standards locally in regional languages. This ensures continuous and consistent training and competence development for experts in the automotive industry worldwide.

SQD Alliance Sp. z o.o. is an official licensed partner of VDA QMC in Poland, Ukraine, and Bulgaria.
